

To whom it may concern,

I have read up on this proceeding and am very disappointed that the government is responding to pressures from the entertainment lobby. This is a clear violation of the "fair use" law and would effectively repeal that right.

I am a technical person and digitally copy all of my media for my own personal use and will continue to do so as long as it is legal. I do not in any way steal, trade, or sell copyrighted information.

Thank you for your attention to my comment.
